Chief Pimental Issues Xmas Safety Rules

Fire Chief Fred Pimental of Albany today issued fire safety rules for the Christmas holidays. The rules are few and simple, the chief said, "and if they are followed and persons are alert to the dangers of fire in the home, there is little likelihood that disaster will strike to mar the holiday festivities of the home."

First, it is a good rule to have your tree sprayed with a fire retardant material. This can be purchased at local paint stores. The butt of the tree should stand in water by the use of a bucket or like container.

Secondly, be sure your tree lights are in good order. If there is any indication of wear they should be discarded and new ones purchased.

Third, have no electric toys in use around the base of the tree. By this is meant such toys as electric trains, etc.

Fourth, the use of candles for Christmas trees is no longer practiced in this area but candles for other purposes of decoration are still used. Under no circumstances use open flame candles for decorating the mantle or table. The use of hurricane lamps is acceptable but any open flame type of lamp is frowned upon by safety engineers.

Fifth, be sure some one of the family is delegated to keep the room free of litter. If papers are to be burned in the fireplace be sure a fire screen is in place and burn only small portions of paper at a time. Have plenty of ash trays handy and empty these at intervals.

And last, when leaving the house for any period of time the tree lights should be turned off.

Mrs. Howell Urges Support For Seals Sale

Sale of penny Christmas Seals is the only means by which the Alameda Co. Tuberculosis and Health Association seeks the public's financial support of its work, Mrs. Lewis Howell, Albany seal chairman, has reported.

An independent voluntary health agency which has been serving Alameda County continuously since 1909, the TB Association does not share in funds contributed to any other drives, Mrs. Howell states.

The seal sale leader said this explanation is being made to clarify an apparent public misconception, evidenced by inquiries to the TB Association office, that the health agency receives funds from other sources.

For the fiscal year 1957-58, \$179,004.23 was spent for the TB Association's work in the fields of case-finding, scientific research and professional education, Mrs. Howell said.

As one of its case-finding activities, the association has provided 25,562 free miniature chest X-Rays during the first eleven months of this year, she pointed out.

Among these, she said, were 464 which were marked as "suspicious" of possible lung lesions by physician members of the TB Association's X-Ray reading panel. Follow-up procedures are initiated in all cases of "suspicious" films, Mrs. Howell explained, to determine the nature and status of the suspected abnormality.

Chamber Chatter

By IRENE GROVE

Albany has become a "Christmas City." It looks like Christmas! San Pablo Avenue makes a bright spot with its overhead Christmas lights completely up the Avenue this year and the colorful Christmas trees on Solano Avenue.

The best thing about those Christmas trees is that the redwood boxes they are occupying are also for future tree planting, the first step by the Solano Avenue merchants in a permanent beautification of the business area of Albany.

Freedom Shrine is again a spot to stop and admire and listen to the carolers. Congratulations to the carolers on both Avenues for making Albany look and feel like Christmas. Everything is being done to make you happy... now let's cooperate with them by doing our Christmas shopping in Albany.

Santa Claus is coming to town beginning Saturday, December 13. He will make two appearances on that day at Simmons Shades and Draperies, 1335 Solano Avenue and The Lexicon Store, 619 San Pablo Avenue. So don't miss him, kiddies. There are some surprises for you all.

And organizations don't forget... your Chamber of Commerce has available a Santa Claus suit for your Christmas parties. Call LA 5-1771 for reservations.

Calling all boys and girls... You all like to color Christmas pictures. Now is your chance to win some Christmas presents for your mother and father and yourself just by having fun coloring. Look for the particulars in another section of this paper... Value Days, December 18-19-20, merchants sponsoring this con-

test.

Besides the street decorations take time to see the "holiday atmosphere" of the individual stores... the lighted Christmas tree in front of Call Bros. Jewelers... the beautiful tree in the Lexicon Store window... (take time to see the gift items for your home too)... the beautifully decorated tree in Howard Motor Car Co. and the A & A Cafe... Mary's and Joe's Department Store have the most enticing selection of sports items for everyone and lovely gifts for your "best girl"... and don't miss the selection of things for the "man in your life" at Foley & Bonny... and the imported gift items at Lindberg's... and if you want a real treat stop by Monica's, you'll see some of the most eye-catching Christmas arrangements. This is only a few... we could go on and on.

Have you ever seen Stant Claus changing a tire... then see the picture on the window of Albany Tire Co.

All in all, Albany merchants have gift ideas for almost everyone on that Christmas list. You as shoppers have a golden opportunity of fine selections and to shop among your friends and neighbors... and in doing so to help your city progress by supporting the people who make this happen... your Albany merchants. For the best buys... "Buy in Albany."

Announcing Albany Christmas and find out the names of the co-sponsored by your Chamber of Commerce and The Albany Times. We promise "real specials" for all of you, so look for particulars next week.

NEW HOPE FOR DUMP REOPENING

Almost ready to give up after months of study and discussion the Albany city council this week heard suggestions and proposals for re-opening the city dump that brought a glimmer of light on an apparently insurmountable problem.

At Monday night's meeting Councilman Jerome Blank outlined a number of possible moves toward a solution of the dump situation which has been critical since the Smog District ruled against open dump burning as of October 1, 1957.

One proposal offered by Blank would call for the installation of dikes at each end of an open fill area to the west, protected by either a wire fence or boom of logs on the south to prevent floating material from escaping into the Bay. "This plan," he said, "could eventually fill in the city's right-of-way out to the city's tideland area of nearly a square mile in extent. Once the fill extended that far the city's 80-foot right-of-way would provide access to the outer area which could be filled in gradually in the same manner. If this could be worked out," he said, "the cost would not be prohibitive, and would make available an area that would last for years."

Mayor Howell came in with a suggestion that the City of Berkeley might be able to offer some suggestions, that city now working out its own solution to the ban on burning. He said he thought Councilman Blank's suggestion a good one, and that Berkeley's engineers might be able to suggest some measures along those lines. The Mayor said there was a meeting to be held with Berkeley Thursday night and that he would broach the subject at that meeting. The council then authorized the mayor to represent the city on the subject both with Berkeley officials and others.

Further light came when letters were read from two concerns, each requesting an appointment with members of the council with a view to presenting plans for a solution of Albany's dump problem. L. Lenoe & Associates of 1252 Brighton Avenue, Albany, wrote they would like to present plans for providing dump facilities for the city, together with a plan for development of city-owned tidelands. Another letter was read from the Marlo DeSeri Co., 918 Randy Lane, San Pablo, offering to present plans for operation of the dump.

The council denied a request from H. B. Cheney for a use permit to build a 23-unit, \$200,000 motel at 940 San Pablo Avenue, the property running back to Adams Street. More than 20 percent of the surrounding property owners protested on the ground that such a project would increase traffic congestion and hazards to small children. The council made it clear however, that Mr. Cheney might submit plans that would overcome the objections made.

A letter from the Planning & Zoning Commission advised the council that it was felt no waiver was necessary to permit a 33-inch extension to the front of a garage at 1505 Marin Avenue, due to the fact that the garage was far back from the established front line of the house to which it was attached, and would not violate any city ordinance. City Attorney Robert J. Foley so ruled.

The request of A. Sannazzaro, 1100 Cornell Avenue, for a change in the setback on his property, was approved, there being no protests. The city attorney was instructed to draw up the necessary ordinance.

Marin PTA Plans To Take Role of Santa's Helper

The Parent-Teacher Association of Marin School in Albany is taking steps toward assuming its role of Santa Claus' helper.

A committee consisting of Mrs. Fred Hendrickson and Mrs. A. W. Angell will purchase three trees to be used in the school. One of these will be the Christmas Sock Tree in the main hall of the school that is decorated annually by the children with new and nearly new socks. These will be given to the clothing room maintained by Albany-Berkeley Council of PTA at Burbank Junior High School in Berkeley.

A second large tree in the auditorium is decorated by the children. The Christmas program by the Marin School orchestra and choir will be given here on Wednesday, December 17 at 1:30 and 8:30 p.m. Mrs. Elizabeth Lott, principal, cordially invites parents and friends to either performance.

Another tree goes to the kindergarten where Santa Claus will begin his visit to the school with candy canes for everyone.

Albany Rotary Club Will Hear Indian Music

Members of Albany Rotary Club will hear a lecture concert on authentic California Indian music at its next luncheon meeting on Tuesday, December 16.

Stephen Lehmer, chairman of the Music Department of Albany High School, will present a music program collected by his father the late Professor D. M. Lehmer of the University of California, from authentic Indian singers in the mid-1920s. The songs were recorded by Professor Lehmer, and later translated and transcribed with piano accompaniment which will be played by Mrs. Stephen Lehmer.

The 300 songs recorded by Professor Lehmer constitute one of the few collections of authentic Indian lore, which helps to preserve the disappearing culture.

Charles A. Moore, Principal of Albany High School will be chairman of the day. The luncheon will be held at Spengler's in Berkeley.

Last week club members heard an interesting and instructive talk by Dr. Ivan May, noted heart surgeon, on "Heart Surgery."

Chairman of the day was Charles Spengler.

Club President Herb Foley announced at the meeting that Rotary International had added its thousandth club to its list — Bombay, India. He also reported the membership to have reached 57,000.

Chronizing Times Advertisers Big Dividends. Try it!

State Controller Robert C. Kirkwood has just announced that General Fund revenue for the first four months of the 1958-59 fiscal year totaled \$317,976,923 and expenditures for the period amounted to \$324,624,210.

Decreased revenue included: retail sales tax, \$187,615,234, down 2.85 per cent; bank and corporation franchise and income taxes, \$55,927,142, down 3.02 per cent; liquor license fees, \$331,662, down 57.68 per cent; interest on investments and Treasury deposits, \$5,653,027, down 1.08 per cent.

Governmental expenditures

which increased during the first four months of 1958-59 were:

Apportionments to elementary schools, high schools and junior colleges, \$165,280,300, up 7 per cent; aid to needy children, \$18,431,898, up 45.52 per cent; aid to needy aged, \$11,610,790, up 10.58 per cent; University of California, \$29,987,351, up 12.49 per cent; bond interest and redemption, \$12,042,971, up 18.76 per cent; aid to needy blind, \$2,808,302, up 15.85 per cent; aid to needy disabled, \$481,229, up 10.59 per cent; and miscellaneous, fixed charges and appropriations, \$153,981,369, up 5.84 per cent.

The twelve cities of Alameda County vary considerably in their tax rates. The greater portion of the total rate per \$100 of assessed valuation goes to the schools,

with minor assessments for water, parks, rapid transit, etc.

It is interesting to note that the City of Albany rate for the current year is two cents less than a year ago. Livermore is up 35 cents per \$100; Alameda and Oakland are up 18 cents; Berkeley is up 15 cents, and Newark is up 1 cents.

Here are the city, school, special district and combined tax rates per \$100 of assessed valuation for 1958-59 as recently compiled by the Alameda County Taxpayers Association:
